

A SPECIAL ANNOUNCEMENT

WHO: WSPSS - Fall 2018 Glacial Geology and Soils Field Trip lead by Dr. Elmo Rawling from WGNHS.

WHAT: A WSPSS sub-committee has been working on a glacial geology and soil field trip in eastern Portage County. It will be similar to the tour that was conducted in the 1980's. Soil pits along with glacial features will be discussed at each stop. Features include; ice-walled lake deposits, outwash fans, gravel pits, meltwater outlet channels. Also a stop at Milo Harpstead's IWLD !

WHEN: Friday, September 28, 2018

WHERE: Stevens Point area along the terminal moraine

TIME: Plan all day - approx: 9:00 - 3:00

COST: A \$10 registration fee - to cover lunch and transportation

TRANSPORTATION / LUNCH a bus is being planned along with a lunch stop. This means we need to know how many will be attending.

REGISTRATION DEADLINE: Please notify Sec. Dave Gundlach or Treas. Karla Petges by **Friday August 17, 2018**

email: david.gundlach@wi.usda.gov karla.petges@wi.usda.gov

phone: Dave 608-754-6617 x4756 Karla 920-386-9999 x3039

Optional- For those interested in coming the night before, a possibility exists in staying at the Lions Camp near Rosholt in a bunk house/cabin with 12 beds; 6 beds in each of 2 rooms. There is common lounge room and common shower area between sleeping rooms. A minimum of 12 people are needed to open a cabin. There is a small refrigerator and a microwave available. Cost- \$21/ night. Please let Dave or Karla know if interested.

Due to the time involved, the Fall Chapter meeting will be held as a separate meeting in October or November.

Phil Meyer
WSPSS President
